# July 11th is Giving Day for Seniors

Help us by donating to the St. Francis Home, the only  
Catholic-assisted living facility in Orange County

St. Francis Home provides loving care for 60 elderly women by a holistic, enriched program designed to enhance their physical, mental, emotional and spiritual wellness. As an assisted living facility, the residents are given help with activities of daily living, and assistance in obtaining medical and social services. It has been run by the Franciscan Sisters since 1944
